CONGRESS OPENS SPECIAL SESSION TODAY

FARM AID AND TARIFF REVISION URGED BY CALL

FARM BILL PREPARED AS FIRST ORDER OF BUSINESS IN THE HOUSE

VICE PRESIDENT CHARLES S. CURTIS PRESIDES IN SENATE

By PAUL R. MALLON
(United Press Staff Correspondent)
Hoover's new and strongly republican congress was convened in special session at noon today upon his call to deal with farm relief and restricted tariff revision.

With the farm bill prepared as the first order of business in the house where it will be considered Wednesday and with an offstage dispute in the senate as to what the program should be, both houses were officially opened to transact routine business necessary to organizing the session.

Vice President Charles E. Curtis took the rostrum in the senate where he has for seven years been floor leader.

When the bell of the old clock which has been a timepiece for the last twenty congresses sounded the arrival of the noon hour, Curtis dropped his gavel, demanded order and gave way to the chaplain for prayer.

While a distinguished audience of Washington society people and diplomats looked on from the gallery the oaths of office were administered to four senators who did not receive their last month and the usual resolutions of notification that the congress was in session then were adopted.

An equally distinguished but larger crowd looked on in the house when William Tyler Page, the clerk, ascended the rostrum there to preside until the speaker, Nicholas Longworth, would be officially elected.

Mr. Hoover's call of the session was read and the 435 representatives, including eighty new faces, were sworn in in groups of twenty. Both houses planned only to transact this routine business before adjourning until tomorrow to hear Mr. Hoover's message setting forth what he desires in the way of farm and tariff legislation.

Chairman Haugen of the house agriculture committee had the farm bill in his pocket ready to report when he walked on the floor. He will bring it up Wednesday, expecting to pass it within a week. Then the new tariff bill will be reported and considered.

Senator James E. Watson, the new majority floor leader of the senate, was working on a change of plans in conference with his advisers. The new farm bill has been bottled up in the senate committee because democrats want to add a clause allowing the proposed federal farm board to use the debenture plan in case of emergency.

A meeting of the committee had been scheduled for this morning but Chairman McNary called it off because he had not yet received word from the department of agriculture as to whether the administration would stand for the debenture plan. He expects this word by tomorrow.

This delay will probably prevent the bill from being brought up in the senate Wednesday. After hearing Mr. Hoover's message tomorrow, the senate may adjourn until Thursday and then if the farm bill is not ready, recess until next Monday.

Watson likes this plan because it would prevent senators from bringing up and discussing measures aside from farm relief and tariff revision, including prohibition and Wall Street speculation.

The senate adjourned at 12:25 P. M., after a 25-minute routine session until noon tomorrow.

The house adjourned at 2 P. M. until noon tomorrow.

5 PERSONS KILLED, ENGINE DERAILED IN GRADE ACCIDENT

Joliet, Ill., April 15.—(U.P.)—Five persons were killed and the locomotive of a Rock Island passenger train was derailed in a grade crossing collision at Mokena, Ill., near here, last night.

The victims were two men, two women and a boy, all occupants of the automobile. The driver apparently stopped his car for a freight train to pass, then pulled directly into the path of the passenger train.

The locomotive demolished the automobile, scattered the five mangled bodies along the right of way for 150 feet and then left the tracks.

TWO WOMEN, ONE 80 YEARS OLD, CHARGED WITH TWO MURDERS

MRS. MARY ADAMSON, BELLEVILLE, ILL., ACCUSED OF ILLEGAL OPERATION

MRS. MARY RAETZ IS CHARGED WITH KILLING HUSBAND TO COLLECT INSURANCE

Belleville, Ill., April 15.—(U.P.)—Two women—one 80 years old, the other 32—were indicted by the grand jury today on charges of first degree murders.

They were:

Mrs. Mary Adamson, 80, accused of performing an illegal operation on Miss Serene Baker, 17, of Venice, Ill., who died Feb. 7.

Mrs. Mary Raetz, 32, of Belleville, charged with killing William Raetz, 23, her husband, to collect a \$2,000 insurance policy.

Mrs. Adamson denied the charge and is out on \$25,000 bond. Mrs. Raetz has confessed.

Where at the capitol is mixed with expectancy and doubt.

Republican and democratic leaders are at odds over the program of business and the house and senate apparently already are at grips over the farm bill. Mr. Hoover wants to hold the business to farm relief and restricted tariff revision.

But unless strong arm methods are used effectively congress may be here all summer discussing problems of the nation, including prohibition, Wall Street speculation and the social status of Mrs. Gann.

A farm bill which meets presidential approval has been made ready for action in the house by the agriculture committee of that body.

It carries \$500,000,000 for a government revolving fund to be administered by a federal farm board which will lend it to farm co-operatives so they may hold surpluses from the market temporarily, thereby promoting orderly marketing.

It bears no hint of the equalization fee theory or the debenture plan for tariff bonuses.

The debenture plan is being resurrected in the senate where the agriculture committee has failed as yet to report any measure.

Chairman McNary called the committee to meet before the opening of the session this morning in hope of a final vote.

The pending senate bill varies in considerable detail from the house bill and will vary more if the debenture plan is tacked on as an amendment, which now appears likely.

The senate bill carries a revolving fund of but \$350,000,000.

The house takes up its bill Wednesday as will the senate if its agriculture committee is able to agree upon a bill by that time.

46th Minnesota Legislature Has But Nine Working Days Left, Adjourns on April 25

SENATE, HOUSE PLOWING THROUGH MUCH BUSINESS

LEADERS CONFIDENT EVERY IM- PORTANT PROBLEM WILL BE SETTLED

INCLUDE REFORESTATION, NA-
TIONAL BANK TAXATION,
GASOLINE TAX, ETC.
By HECTOR PERRIER
(United Press Staff Correspondent)

St. Paul, April 15.—With the 46th Minnesota legislature destined to end on Thursday, April 25, and with but nine working days remaining, the senate and the house today plowed into the unfinished business.

Although legislative leaders were confident that every important problem would be settled before adjournment of the present session on Thursday they agreed that little time could be spared in squabbles.

Included in these problems were such important matters as conservation; reforestation; national bank taxation; gasoline tax; cigarette taxation; county reimbursement bonds for highway construction; the proposed \$1,500,000 state office building; department appropriations; state central bank, and amendments to the state prohibition and enforcement laws on liquor.

Many bills on the foregone matters have been passed separately by the senate and house, but their provisions are so different that compromise committees will need strike some satisfactory middle ground and then have the measure repassed.

Nonetheless the legislature was considered in satisfactory shape today to clear the calendar of vital issues before adjournment.

Conservation and reforestation bills, which were so fiercely attacked in the senate last week that they were withdrawn by their authors, were brought up again in the house today.

The house already has passed a bill which would place the natural resource departments of the state under one commissioner, who in turn would be guided by an executive council, and has turned to the reforestation bills by which it was hoped several tax ridden northern counties could be lifted from the financial dumps.

Conservation and reforestation leaders intend to reintroduce the house bills into the senate where they were given an "outside chance" for passage.

Next in importance, perhaps, are projects for refunding \$19,000,000 of county highway reimbursement bonds. The senate has approved a four-year refunding plan and also has sanctioned the release of \$10,000,000 in the highway department sinking fund.

The bill which will be watched more closely by the general public perhaps than any other was the Dunn

cigarette tax bill now pending before the senate.

Representative Roy E. Dunn, Pelican Rapids, after a long fight, safely engineered through the house his bill calling for a 2-cent tax on cigarettes and a 1-cent tax on cigarette papers, but an attempt failed last week to have the measure made a special order in the senate.

There still was a possibility that the bill might be reached on general orders but even then its fate was doubtful.

It was assumed that compromises soon would bring about happy solutions for other problems including the state education appropriation bill.

The senate has approved a \$22,000,000 education appropriation which would include extensive improvements in state teachers' colleges while the house bill calls for a \$20,000,000 appropriation.

ANTARCTIC AND ARCTIC IN RADIO COMMUNICATION

Copenhagen, April 15.—(U.P.)—The first radio communication between the Antarctic and Arctic zones was reported in a cablegram received here by the newspaper Edstrabladet from the Mount Evans, Greenland, radio station.

Mount Evans said a recent broadcast by Commander Richard E. Byrd's station in the Antarctic was heard excellently, although from a distance of more than 10,000 miles.

RECENTLY

New York, April 15.—(U.P.)—Helen Morgan, whose night clubs are a trifle more sedate but just as expensive as Texas Guinan's, goes on trial in federal court today on a charge of maintaining a nuisance.

It will be the last of the night club cases growing out of the dry raids which were conducted on the night Alfred E. Smith was nominated for president in June.

Miss Guinan was acquitted last week when a jury accepted her explanation that she was merely an employee at the Salon Royale and had nothing to do with the operation of the club.

J. Arthur Adler, counsel for Miss Morgan, said he would offer the same defense for his client.

Alfred E. Smith is to Write for the Saturday Evening Post

Philadelphia, April 15.—(U.P.)—Alfred E. Smith, former governor of New York, will write a series of articles for the Saturday Evening Post, the editorial department today told the United Press.

The former governor's subject will be his personal and political reminiscences.

The magazine did not announce what price the governor would receive, nor when the articles would appear.

Reports were current in New York that Smith would receive \$2 a word for his writings.

Former President Calvin Coolidge is understood to have received \$1 a word for articles for the Cosmopolitan magazine.

REMOVE OPEN SAFETY PIN FROM CHILD'S LUNG

Albany, N. Y., April 15.—(U.P.)—Lois Jones Rutledge, seven months old, played about a hospital today, oblivious of the anxious hours passed by a staff of specialists who removed an open safety pin from her lung, scarcely an inch from her heart.

The baby swallowed the pin a week ago. Physicians watched anxiously for a chance to operate when the prong would be turned from a vital spot. They resorted to an operation and removed the dangerous object.

Physicians said the operation was one of the most delicate on record.

3 YOUTHS SUSPECTED OF BEING FIRE BUGS

Minneapolis, April 15.—(U.P.)—Three youths whose ages ranged from 13 to 17 years were held here today suspected of having set eight recent fires. One of the boys was said to have confessed.

SENATOR SHIPSTEAD IS ILL FROM AFTER EFFECTS OF FLU

Washington, April 15.—(U.P.)—No change in the condition of Senator Shipstead, farmer-laborite of Minnesota, was reported by his physicians today.

Shipstead suffered a relapse from a recent attack of influenza and has been confined to his home for several days.

WOMAN 'FAGIN' IS SOUGHT IN MINNEAPOLIS

Minneapolis, April 15.—(U.P.)—A woman "Fagin" who sent two little girls—7 and 8 years old—on a shop-lifting tour through a five and ten cent store here was sought by police today.

Both children carried paper bags partly filled with toys and trinkets when apprehended. They said they had been taken to the store and given directions for the expedition by an older girl.

The children were arrested and today were in custody of a police matron.

LIEUT. GRAY JUMPS TO DEATH FROM PLANE

HE HAD TAKEN A PARACHUTE DROP WHEN MOTOR WENT DEAD NEAR GUMBO, MO.

HIS COMPANION, CAPT. WM. B. WIMER HAS HIS BACK SE- VERELY INJURED

Gumbo, Mo., April 15.—National guardsmen today found the body of Lieut. Shapley Gray, who leaped from a "dead" plane near here last night en route to St. Louis from Jefferson City. His parachute had not opened.

The body was discovered in underbrush near where the plane had crashed. His companion, Capt. Wm. B. Wimer, pilot of the plane, escaped by means of a parachute.

A score of guardsmen had searched the shore-line of the Missouri river near here throughout the night, but without success until daybreak brought the terrain into clearer view.

Authorities were unable to say at first whether Gray pulled the rip cord of his parachute.

Gumbo, Mo., April 15.—(U.P.)—Members of the Missouri national guard air unit today prepared to drag the flood-swollen Missouri river near here for the body of Lieut. Shapley Gray, who with Capt. William B. Wimer, took to parachutes from their plane 800 feet above this small village at 7:20 P. M. yesterday when the motor went dead.

An extensive search failed to reveal any trace of Gray. It was feared he fell into the river and that, perhaps, his parachute failed to open.

Captain Wimer suffered a painful injury to his back when his chute deposited him on the river bank.

CHAIRMAN HAUGEN IS TO INTRODUCE THE MEASURE

WILL THEN BE TAKEN UP FOR CONSIDERATION EARLY WEDNESDAY

HOUSE LEADERS PREDICT IT WILL PASS THERE WITHIN TEN DAYS

By JOSEPH S. WASNEY
(United Press Staff Correspondent)

Washington, April 15.—The administration's \$500,000,000 farm relief bill is to be introduced in the house today by Chairman Haugen of the agricultural committee a few moments after noon today when the new house of representatives convened in special session.

The bill was sent to the bill room without formality, along with three other farm relief measures. Haugen hopes will be considered during the special session.

Washington, April 15.—The administration's \$500,000,000 farm relief bill is to be introduced in the house today by Chairman Haugen of the house agriculture committee immediately after the body is organized at the opening session.

The measure will be taken up for consideration Wednesday and house leaders predicted it will pass there within 10 days.

Creation of a federal farm board with broad powers to organize agriculture, control surpluses and administer the \$500,000,000 revolving fund is the principal feature of the bill which has the approval of President Hoover.

The final draft was approved Sunday by the committee at a special meeting by a vote of 19 to 2.

Seven members, including the secretary of agriculture, would comprise the board which the president would be authorized to appoint for individual terms ranging from two to six years.

The bill declares the policy of congress is to promote the effective merchandising of agricultural commodities so the industry of agriculture will be placed on a basis of economic equality with other industries.

Work of the board would include stabilizing the agriculture market by minimizing speculation, preventing wasteful methods of distribution, limiting undue and excessive fluctuations, and encouraging producers to organize through co-operative associations.

From the \$500,000,000 fund, loans would be made to co-operatives for handling, storing and marketing farm products, for leasing or constructing storage facilities and to assist in building up the membership of such associations.

A new insurance provision, never before seriously considered in a farm relief bill, would authorize the board to issue insurance policies to co-operatives against loss through price declines in commodities. Money for the underwriting of crops would be taken from the revolving fund.

Creation of stabilization corporations to aid the board in its marketing program would be authorized by the bill. The stabilization corporation stock would be owned by co-operative associations.

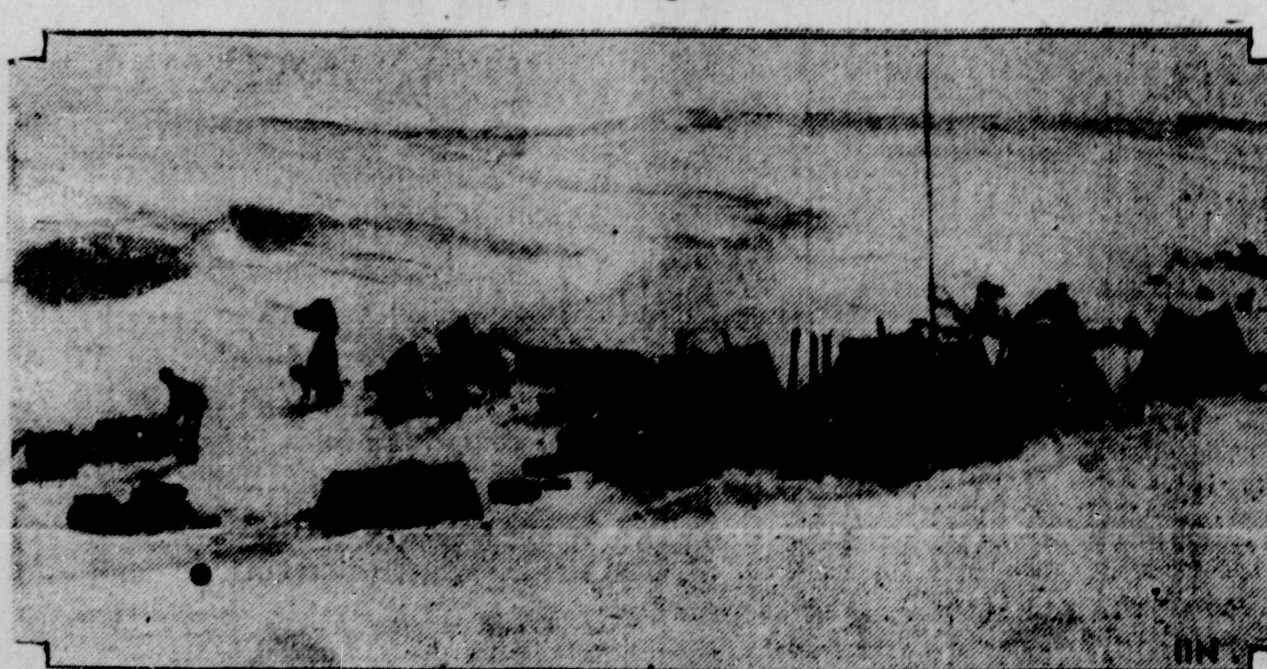

To protect the consuming public the corporation would be warned against holding any commodity from the market until the price has become unduly enhanced to the distress of the consumer.

In addition to the revolving fund an appropriation of \$1,500,000 to be available immediately for setting up the administration features of the board would be authorized by the measure.

"We have done everything possible in a legislative way and it is now up to the farmers to organize to reap the benefits of this bill," Haugen said. "Of course it will be amended from time to time as the need arises but it is to be the best farm relief bill ever written anywhere."

Minneapolis, April 15.—(U.P.)—Three hundred members of the On Leong Merchants association gathered here today from all parts of the nation for the twenty-fifth annual convention of the well known Chinese organization. The meetings will continue for three weeks.

CONGRESS OPENS SPECIAL SESSION TODAY

FARM AID AND TARIFF REVISION URGED BY CALL

FARM BILL PREPARED AS FIRST
ORDER OF BUSINESS IN
THE HOUSE

VICE PRESIDENT CHARLES S.
CURTIS PRESIDES IN
SENATE

By PAUL R. MALLON
(United Press Staff Correspondent)
Hoover's new and strongly republi-
cated tariff revision.

Washington, April 15.—President
can congress was convened in special
session at noon today upon his call
to deal with farm relief and restrict-
ed tariff revision.

With the farm bill prepared as the
first order of business in the house
where it will be considered Wednes-
day and with an offstage dispute in
the senate as to what the program
should be, both houses were officially
opened to transact routine business
necessary to organizing the session.

Vice President Charles E. Curtis
took the rostrum in the senate where
he has for seven years been floor
leader.

When the bell of the old clock
which has been a timepiece for the
last twenty congresses sounded the
arrival of the noon hour, Curtis
dropped his gavel, demanded order
and gave way to the chaplain for
prayer.

While a distinguished audience of
Washington society people and diplo-
mats looked on from the gallery the
oaths of office were administered to
four senators who did not receive
their last month and the usual resolu-
tions of notification that the con-
gress was in session then were
adopted.

An equally distinguished but
larger crowd looked on in the house
when William Tyler Page, the clerk,
ascended the rostrum there to pre-
side until the speaker, Nicholas
Longworth, would be officially elect-
ed.

Mr. Hoover's call of the session
was read and the 435 representatives,
including eighty new faces, were
sworn in in groups of twenty. Both
houses planned only to transact this
routine business before adjourning
until tomorrow to hear Mr. Hoover's
message setting forth what he de-
sires in the way of farm and tariff
legislation.

Chairman Haugen of the house agri-
culture committee had the farm
bill in his pocket ready to report
when he walked on the floor. He
will bring it up Wednesday, expect-
ing to pass it within a week. Then
the new tariff bill will be reported
and considered.

Senator James E. Watson, the new
majority floor leader of the senate,
was working on a change of plans in
conference with his advisers. The
new farm bill has been bottled up in
the senate committee because dem-
ocrats want to add a clause allowing
the proposed federal farm board to
use the debenture plan in case of
emergency.

A meeting of the committee had
been scheduled for this morning but
Chairman McNary called it off be-
cause he had not yet received word
from the department of agriculture
as to whether the administration
would stand for the debenture plan.
He expects this word by tomorrow.

This delay will probably prevent
the bill from being brought up in
the senate Wednesday. After hearing
Mr. Hoover's message tomorrow, the
senate may adjourn until Thursday
and then if the farm bill is not
ready, recess until next Monday.
Watson likes this plan because it
would prevent senators from bring-
ing up and discussing measures aside
from farm relief and tariff revision,
including prohibition and Wall Street
speculation.

The senate adjourned at 12:25
P. M. after a 25-minute routine ses-
sion until noon tomorrow.

The house adjourned at 2 P. M.
until noon tomorrow.

Washington, April 15.—Represent-
ative Nicholas Longworth, republi-
can, O., today was re-elected as
speaker of the house of representa-
tives for the 71st congress. Long-
worth defeated Rep. J. H. Garner,
democrat, Texas, on a strictly party
vote.

Washington, April 15.—The drier
and more republican congress elected
last fall with President Hoover con-
venes in its first session here at noon
today to carry out Herbert Hoover's
campaign pledged to the farmers.

Republican and democratic lead-
ers are at odds over the program of

The pending senate bill varies in
considerable detail from the house
bill and will vary more if the deten-
ture plan is tacked on as an amend-
ment, which now appears likely, the
senate bill carries a revolving fund
of but \$350,800,000.

The house takes up its bill Wed-
nesday as will the senate if its agri-
culture committee is able to agree
upon a bill by that time.

Until Wednesday both houses will
devote themselves to the routine
business of getting organized for the
first special session held since Presi-
dent Harding called one in 1921 to
act on his ship subsidy plan.

The senate performed most of its
organization work in the special ses-
sion it held last month to confirm
the Hoover cabinet, so its session to-
day was to be of short duration.
Four senators will receive the oath.
Allan of Kansas; Shipstead, of Min-
nesota; Cutting, of New Mexico, and
LaFollette, of Wisconsin.

Resolutions then will be adopted
notifying the president and the house
the senate is in session and adjourn-
ment will be taken until tomorrow

It was assumed that compromises
soon would bring about happy solu-
tions for other problems including
the state education appropriation
bill.

The senate has approved a \$22,-
000,000 education appropriation
which would include extensive im-
provements in state teachers' colleges
while the house bill calls for a \$20,-
000,000 appropriation.

ANOTHER NIGHT CLUB HOSTESS GOES ON TRIAL

HELEN MORGAN, NEW YORK, IS
CHARGED WITH MAINTAIN-
ING NUISANCE

TO HAVE SAME DEFENSE WHICH
FREED TEXAS GUINAN
RECENTLY

New York, April 15.—(U.P.)—
Helen Morgan, whose night clubs
are a trifle more sedate but just as
expensive as Texas Guinan's, goes on
trial in federal court today on a
charge of maintaining a nuisance.

It will be the last of the night club
cases growing out of the dry raids
which were conducted on the night
Alfred E. Smith was nominated for
president in June.

Miss Guinan was acquitted last
week when a jury accepted her ex-
planation that she was merely an
employee at the Salon Royale and had
nothing to do with the operation of
the club.

J. Arthur Adler, counsel for Miss
Morgan, said he would offer the same
defense for his client.

Alfred E. Smith is to Write for the Saturday Evening Post

Philadelphia, April 15.—(U.P.)—Al-
fred E. Smith, former governor of
New York, will write a series of
articles for the Saturday Evening
Post, the editorial department today
told the United Press.

The former governor's subject will
be his personal and political remin-
iscences.

The magazine did not announce
what price the governor would re-
ceive, nor when the articles would
appear.

Reports were current in New York
that Smith would receive \$2 a word
for his writings.

Former President Calvin Coolidge
is understood to have received \$1 a
word for articles for the Cosmopolitan
magazine.

ANTARCTIC AND ARCTIC IN RADIO COMMUNICATION

Copenhagen, April 15.—(U.P.)—
The first radio communication be-
tween the Antarctic and Arctic
zones was reported in a cablegram
received here by the newspaper
Edstrabladet from the Mount Evans,
Greenland, radio station.

Mount Evans said a recent
broadcast by Commander Richard
E. Byrd's station in the Antarctic
was heard excellently, although
from a distance of more than 10,-
000 miles.

WOMAN 'FAGIN' IS SOUGHT IN MINNEAPOLIS

Minneapolis, April 15.—(U.P.)—A
woman "Fagin" who sent two lit-
tle girls—7 and 8 years old—on a
shop-lifting tour through a five
and ten cent store here was
sought by police today.

Both children carried paper
bags partly filled with toys and
trinkets when apprehended. They
said they had been taken to the
store and given directions for the
expedition by an older girl.

The children were arrested and
today were in custody of a police
matron.

LIEUT. GRAY JUMPS TO DEATH FROM PLANE

HE HAD TAKEN A PARACHUTE
DROP WHEN MOTOR WENT
DEAD NEAR GUMBO, MO.

HIS COMPANION, CAPT. WM. B.
WIMER HAS HIS BACK SE-
VERELY INJURED

Gumbo, Mo., April 15.—National
guardsmen today found the body of
Lieut. Shapley Gray, who leaped
from a "dead" plane near here last
night en route to St. Louis from
Jefferson City. His parachute had
not opened.

The body was discovered in under-
brush near where the plane had
crashed. His companion, Capt. Wm.
B. Wimer, pilot of the plane, escaped
by means of a parachute.

A score of guardsmen had searched
the shore-line of the Missouri river
near here throughout the night, but
without success until daybreak
brought the terrain into clearer view.
Authorities were unable to say at
first whether Gray pulled the rip
cord of his parachute.

Gumbo, Mo., April 15.—(U.P.)—
Members of the Missouri national
guard air unit today prepared to
drag the flood-swollen Missouri river
near here for the body of Lieut.
Shapley Gray, who with Capt. Wil-
liam B. Wimer, took to parachutes
from their plane 800 feet above this
small village at 7:20 P. M. yester-
day when the motor went dead.

An extensive search failed to re-
veal any trace of Gray. It was
feared he fell into the river and
that, perhaps, his parachute failed
to open.

Captain Wimer suffered a painful
injury to his back when his chute
deposited him on the river bank.

REMOVE OPEN SAFETY PIN FROM CHILD'S LUNG

Albany, N. Y., April 15.—(U.P.)—
Lois Jone Rutledge, seven months
old, played about a hospital today,
oblivious of the anxious hours passed
by a staff of specialists who removed
an open safety pin from her lung,
scarcely an inch from her heart.

The baby swallowed the pin a
week ago. Physicians watched
anxiously for a chance to operate
when the prong would be turned
from a vital spot. They resorted to
an operation and removed the dan-
gerous object.

Physicians said the operation was
one of the most delicate on record.

3 YOUTHS SUSPECTED OF BEING FIRE BUGS

Minneapolis, April 15.—(U.P.)—Three
youths whose ages ranged from 13 to
17 years were held here today sus-
pected of having set eight recent fires.
One of the boys was said to have con-
fessed.

SENATOR SHIPSTEAD IS ILL FROM AFTER EFFECTS OF FLU

Washington, April 15.—(U.P.)—No
change in the condition of Sena-
tor Shipstead, farmer-laborite of
Minnesota, was reported by his
physicians today.

Shipstead suffered a relapse
from a recent attack of influenza
and has been confined to his home
for several days.

CHAIRMAN HAUGEN IS TO INTRODUCE THE MEASURE

WILL THEN BE TAKEN UP FOR
CONSIDERATION EARLY
WEDNESDAY

HOUSE LEADERS PREDICT IT
WILL PASS THERE WITHIN
TEN DAYS

By JOSEPH S. WASNEY
(United Press Staff Correspondent)

Washington, April 15.—The ad-
ministration's \$500,000,000 farm re-
lief bill was introduced by Chairman
Haugen of the agriculture commit-
tee a few moments after noon today
when the new house of representa-
tives convened in special session.

The bill was sent to the bill room
without formality, along with three
other farm relief measures. Haugen
hopes will be considered during the
special session.

Washington, April 15.—The ad-
ministration's \$500,000,000 farm re-
lief bill is to be introduced in the
house today by Chairman Haugen of
the house agriculture committee im-
mediately after the body is organized
at the opening session.

The measure will be taken up for
consideration Wednesday and house
leaders predicted it will pass there
within 10 days.

Creation of a federal farm board
with broad powers to organize agri-
culture, control surpluses and admin-
ister the \$500,000,000 revolving fund
is the principal feature of the bill
which has the approval of President
Hoover.

The final draft was approved Sun-
day by the committee at a special
meeting by a vote of 19 to 2.

Seven members, including the sec-
retary of agriculture, would com-
prise the board which the president
would be authorized to appoint for
individual terms ranging from two
to six years.

The bill declares the policy of con-
gress 'is to promote the effective mer-
chandising of agricultural commodi-
ties so the industry of agriculture
will be placed on a basis of economic
equality with other industries.'

Work of the board would include
stabilizing the agriculture market by
minimizing speculation, preventing
wasteful methods of distribution,
limiting undue and excessive fluctu-
ations, and encouraging producers to
organize through co-operative asso-
ciations.

From the \$500,000,000 fund, loans
would be made to co-operatives for
handling, storing and marketing
farm products, for leasing or con-
structing storage facilities and to as-
sist in building up the membership
of such associations.

A new insurance provision, never
before seriously considered in a farm
relief bill, would authorize the board
to issue insurance policies to co-op-
eratives against loss through price
declines in commodities. Money for
the underwriting of crops would be
taken from the revolving fund.

Creation of stabilization corpora-
tions to aid the board in its market-
ing program would be authorized by
the bill. The stabilization corpora-
tion stock would be owned by co-op-
erative associations.

To protect the consuming public
the corporation would be warned
against holding any commodity from
the market until the price has be-
come unduly enhanced to the distress
of the consumer.

In addition to the revolving fund
an appropriation of \$1,500,000 to be
available immediately for setting up
the administration features of the
board would be authorized by the
measure.

"We have done everything possi-
ble in a legislative way and it is
now up to the farmers to organize
to reap the benefits of this bill,"
Haugen said. "Of course it will be
amended from time to time as the
need arises but it is to be the best
farm relief bill ever written any-
where."

Minneapolis, April 15.—(U.P.)—Three
hundred members of the On Leong
Merchants association gathered here
today from all parts of the nation for
the twenty-fifth annual convention of
the well known Chinese organization.
The meetings will continue for three
weeks.

WHAT IS HOME WITHOUT A GARDEN?

Building Up the Soil

The mechanical condition of garden soil is quite as important as its fertility. It is not advisable to apply fertilizer to soil which is not in the proper condition to receive it and make it available to plants.

The two extremes of poor soil, from a mechanical standpoint, are stiff clay and pure sand. The first may be fertile, but because its particles are so fine and closely packed together, it is difficult for plants to obtain from it the nourishment which they need. In pure sand there is no plant food; and this sort of soil refuses to hold water at all. The ideal garden soil is a sandy loam, in which there is clay, sand, and a plentiful supply of humus, or decayed organic matter. It should hold water like a sponge which is squeezed, the excess water running off but leaving the soil moist.

To loosen clay, and make its fertility available to plants, one must add humus, sand, or other coarse materials, and lime. Lime should be used on clay soils always, unless one ex-

pects to grow in them plants which demand an acid soil, because lime not only makes clay soils sweet, but it makes the coarse. It sets up a force which causes the clay particles to collect in larger grains.

On sandy soils having little humus, however, lime may cause damage and its use should be considered with some care. There are plants which prefer an acid soil, such as the Japanese irises, Japanese lilies, potatoes, azaleas, rhododendrons, and some evergreens. Most garden plants either prefer a sweet soil, or are indifferent to this condition.

On sandy soils, clay may often be added, provided it is dry and finely broken up, and not lumpy. In both clay and sandy soils, humus must be added regularly, and in quantities as large as one can manage. Any animal or vegetable material which has decayed is humus; and if added to soil will color the soil black. A compost heap in which all such material is piled to decay is a garden savings bank which pays high interest. One way to obtain humus is to grow a crop of clover, vetch, or other green crop, and plow it under.

BRAINERD 25 YEARS AGO

From the Daily Dispatch

April 15, 1904

The board of education met last evening at the Washington school building and elected the teachers for the schools of the city for the coming year. Supt. Hartley was re-elected at a salary of \$2,000 and Principal F. W. Hanft was honored in the same manner, his salary being fixed at \$1,200.

William Chambers, the engineer who was badly hurt in the wreck on the Superior division a few months ago, returned to his home in Duluth this afternoon.

This evening will occur the marriage of R. D. King and Miss Maude B. Laing at the rectory of St. Paul's Episcopal church, the Rev. William Moody officiating. The wedding is to be a quiet one on account of the poor health of Miss Laing's mother.

Supt. Wilson went to Deerwood this afternoon to visit some schools.

Mrs. W. A. M. Johnstone, who has been at St. Joseph's hospital for about ten days, returned home today.

The regular annual meeting of the Y. M. C. A. was held last night at the parlors of the "Y" at which time reports were heard. Sec. Flicker was commended for his excellent work. The association is now out of debt and there are about 200 members in all, which is considered a very good showing. The following were elected on the board of directors for three years: A. E. Moberg, F. W. McKay, E. L. Wilkins, A. A. Pearce and W. J. Smith.

Drs. Thabes and Reimstad left for Aitkin this afternoon to attend a meeting of the Upper Mississippi Valley Medical Association.

400 AWARDS GIVEN AT COURT OF HONOR

Audience of 450 Witnesses Impressive Scouting Rites at M. E. Church

TROOP 45 WINS PENNANT

William Stout Becomes Eagle Scout; Troop 44 Wins Window Display Contest

The largest Court of Honor yet seen in Brainerd was held yesterday afternoon at the Methodist church with Clem Ryan, chairman of the Court of Honor presiding. Over 400 awards including merit badges and streamers were awarded before a crowd exceeding the 450 mark. Never has such enthusiasm been shown for scouting in Brainerd.

Six boys were promoted to the rank of Second Class Scout. These boys were: Norbit Hewitt Troop 45; Clayton Peterson, Bror Erickson, Teisto Pajola all of troop 44; and Charles Wilson and William Hanna of troop 42. Those promoted to the rank of first class were: Earl Helgeson, Robert Huseby, Clarence Abrahamson, Ralph Strickler, and Milton Anderson all of troop 43. Julius Knudsen of troop 45 was promoted to Star Scout and Scouts Clifton Richards, William Stout and Drexel Geist of Troop 45 were promoted to the rank of Life Scout. A Silver Palm was awarded to Eagle Scout Carl Zapffe.

Following a very impressive ceremony, the Eagle Rank, the highest rank in scouting, was awarded to Scout William Stout of troop 45. In making William Stout an Eagle Scout, Field Executive S. C. Bakken pointed out that an Eagle Scout represents the very best type of Scout. To be an Eagle Scout a boy must, in addition to the 21 merit badges he must earn, pass an examination including scouting conduct in his home, his school and in his contact with other boys. The examining committee were happy to recommend Scout William Stout for the rank of Eagle Scout.

The Troop Honor pennant was won from troop 43 of Northeast Brainerd by hard work and cooperation on the part of troop 45. This troop turned in a remarkable record in as much as they passed 112 merit badges since the last Court of Honor. The real test will be in which troop can win that pennant at the June

"Married Life" Not Worth While

Blames Wives "Nerves"

"Weak nerves," said a New York doctor recently, "in my estimation wreck more happily married lives than any other cause."

Besides making the sweetest disposition sour and irritable, nervousness is a terrible drain on your vital forces—it saps your youth and your strength and dulls your beauty. What a difference from the bright-eyed, vibrant girl he married. No wonder married life seems unbearable!

But you can get rid of your nervousness—speedily too—and become the steady, nerveless, radiant woman you once were. Take a teaspoonful of Tanlac before meals and before going to bed and if it doesn't soon make a new woman of you—doesn't rid you of that tired, strained feeling—go back and get your money.

Go to your druggist now and get a bottle of Tanlac. Millions of folks have started back on the road to youth, health and happiness with this world famous tonic and there is no reason why you, too, can't begin today to rebuild your worn-out tissues and revitalize your entire system.

FIRE DESTROYS LAKE HOME ON NO. LONG

\$1,500 Damage Done to Cottage of John Carlson, Brainerd Merchant

\$400 INSURANCE

Fire Spreads From Cleanup of Dead Leaves and Grass Tended by Owner

John Carlson, Brainerd merchant, watched his cottage on North Long lake at Parkerville burn to the ground yesterday afternoon and was powerless to prevent it.

The cottage, constructed 27 years ago, although improvements were added yearly, five rooms and kitchen, was a complete loss. Total damage was placed at \$1,500. There is \$300 insurance on the cottage and \$100 insurance on furniture, bedding and clothing.

Only the blackened outline of the once beautiful fireplace in the cottage stands above the ground.

Mr. Carlson was burning dead leaves and grass on his land when the fire started. He stated today that he was unable to account how the fire could have reached his cottage as he believed he had the cleanup fire checked sufficiently to prevent its spread. Within five minutes of the time when he first noticed the cottage in flames the structure was levelled to the ground.

The board of education met last evening at the Washington school building and elected the teachers for the schools of the city for the coming year. Supt. Hartley was re-elected at a salary of \$2,000 and Principal F. W. Hanft was honored in the same manner, his salary being fixed at \$1,200.

William Chambers, the engineer, who was badly hurt in the wreck on the Superior division a few months ago, returned to his home in Duluth this afternoon.

This evening will occur the marriage of R. D. King and Miss Maude B. Laing at the rectory of St. Paul's Episcopal church, the Rev. William Moody officiating. The wedding is to be a quiet one on account of the poor health of Miss Laing's mother.

Supt. Wilson went to Deerwood this afternoon to visit some schools. Mrs. W. A. M. Johnstone, who has been at St. Joseph's hospital for about ten days, returned home today.

The regular annual meeting of the Y. M. C. A. was held last night at the parlors of the "Y" at which time reports were heard. Sec. Flicker was commended for his excellent work. The association is now out of debt and there are about 200 members in all, which is considered a very good showing. The following were elected on the board of directors for three years: A. E. Moberg, F. W. McKay, E. L. Wilkins, A. A. Pearce and W. J. Smith.

Drs. Thabes and Reimstad left for Atkin this afternoon to attend a meeting of the Upper Mississippi Valley Medical Association.

BIBLE STORY CONTEST HELD

Miss Marjorie Forsberg Wins First Prize, Speaking on "Ruth"

The Young People's Bible story telling contest was held at the Methodist church last evening. Miss Marjorie Forsberg who spoke on "Ruth" won first place, and Miss Dorothy Fox who spoke on "The Handwriting on the Wall" won second place. Those acting as judges were Miss Alta Franklin, Carney Peterson and Miss Edna Anderson.

The sub-district Epworth League Bible story telling contest will be held in Brainerd in early May.

GIVES TALK ON MINNESOTA BIRDS

Mrs. J. A. Thabes, Sr., Addressed Pupils and Teachers of Whittier School

The pupils and teachers of the Whittier school heard a most interesting and instructive talk on Minnesota birds, given by Mrs. J. A. Thabes, Sr., last Friday. Pictures thrown on the screen were so lifelike that all were thrilled at sight of these beautiful and helpful little neighbors of ours.

The pupils and teachers considered themselves as fortunate in having so enthusiastic a bird-lover as Mrs. Thabes giving so freely of the results of her years of bird study.

The convention will close tomorrow night.

Soft water keeps clothes white

HARD water always leaves clothes gray, no matter how much you wash and rinse. Hard water has something in it with which the soap combines. Scum forms at once. This scum gets into clothes. You never can rinse it all out.

Softened hard water with Melo and you have a very fine cleaner, with or without soap. Scum doesn't form in this water. Clothes washed in it are as white as snow. Melo gives soap more effect on clothes. Get a can of Melo today at your grocer's.

400 AWARDS GIVEN AT COURT OF HONOR

Audience of 450 Witnesses Impressive Scouting Rites at M. E. Church

TROOP 45 WINS PENNANT

William Stout Becomes Eagle Scout; Troop 44 Wins Window Display Contest

The largest Court of Honor yet seen in Brainerd was held yesterday afternoon at the Methodist church with Clem Ryan, chairman of the Court of Honor presiding. Over 400 awards including merit badges and streamers were awarded before a crowd exceeding the 450 mark. Never has such enthusiasm been shown for scouting in Brainerd.

Six boys were promoted to the rank of Second Class Scout. These boys were: Norbit Hewitt Troop 46; Clayton Peterson, Bror Erickson, Teisto Pojola all of troop 44; and Charles Wilson and William Hanna of troop 42. Those promoted to the rank of first class were: Earl Helgeson, Robert Huseby, Clarence Abrahamson, Ralph Strickler, and Milton Anderson all of troop 43. Julius Knudsen of troop 45 was promoted to Star Scout and Scouts Clifton Richards, William Stout and Drexel Geist of Troop 45 were promoted to the rank of Life Scout. A Silver Palm was awarded to Eagle Scout Carl Zapffe.

Following a very impressive ceremony, the Eagle Rank, the highest rank in scouting, was awarded to Scout William Stout of troop 45. In making William Stout an Eagle Scout, Field Executive S. C. Bakken pointed out that an Eagle Scout represents the very best type of Scout. To be an Eagle Scout a boy must, in addition to the 21 merit badges he must earn, pass an examination including scouting conduct in his home, his school and in his contact with other boys. The examining committee were happy to recommend Scout William Stout for the rank of Eagle Scout.

The Troop Honor pennant was won by troop 43 of Northeast Brainerd by hard work and cooperation on the part of troop 45. This troop turned in a remarkable record in as much as they passed 112 merit badges since the last Court of Honor. The real test will be in which troop can win that pennant at the June

"Married Life" Not Worth While

Blames Wives' "Nerves"

"Weak nerves," said a New York doctor recently, "in my estimation wreck more happily married lives than any other cause."

Besides making the sweetest disposition sour and irritable, nervousness is a terrible drain on your vital forces—it saps your youth and your strength and dulls your beauty. What a difference from the bright-eyed, vibrant girl he married. No wonder married life seems unbearable!

But you can get rid of your nervousness—speedily too—and become the steady-nerved, radiant woman you once were. Take a teaspoonful of Tanlac before meals and before going to bed and if it doesn't soon make a new woman of you—doesn't rid you of that tired, strained feeling—go back and get your money.

Go to your druggist now and get a bottle of Tanlac. Millions of folks have started back on the road to youth, health and happiness with this world famous tonic and there is no reason why you, too, can't begin today to rebuild your worn-out tissues and revitalize your entire system.

FIRE DESTROYS LAKE HOME ON NO. LONG

\$1,500 Damage Done to Cottage of John Carlson, Brainerd Merchant

\$400 INSURANCE

Fire Spreads From Cleanup of Dead Leaves and Grass Tended by Owner

John Carlson, Brainerd merchant, watched his cottage on North Long lake at Parkerville burn to the ground yesterday afternoon and was powerless to prevent it.

The cottage, constructed 27 years ago, although improvements were added yearly, five rooms and kitchen, was a complete loss. Total damage was placed at \$1,500. There is \$300 insurance on the cottage and \$100 insurance on furniture, bedding and clothing.

Only the blackened outline of the once beautiful fireplace in the cottage stands above the ground.

Mr. Carlson was burning dead leaves and grass on his land when the fire started. He stated today that he was unable to account how the fire could have reached his cottage as he believed he had the cleanup fire checked sufficiently to prevent its spread. Within five minutes of the time when he first noticed the cottage in flames the structure was levelled to the ground.

CODES OF ETHICS

A CODE of ethics is a carefully formulated system of principles or rules of practice for the guidance of a particular group of individuals, such as the members of a profession. The development of codes of ethics is an indication of the evolution and growth of moral consciousness. Ethics and morality are not always synonymous; neither are ethics and legality. "Right" and "wrong" are terms which have different meanings and interpretations at different periods.

The question is often asked "What is the reason for all this unusual activity by business to formulate codes of correct business standards outlining the rules of the game of business when it is quite evident that business is the same today as it has been in the past? Men still continue to respect the Golden Rule and the majority of them are honest." The answer becomes easy, says the Rotary club, when we analyze business and notice how much more complex it has become. The average business man of today is meeting conditions and situations which did not exist a few years ago. His advertising, buying, selling, employing and other policies differ greatly from those existing when business ran on a narrow gauge track. Today, however, it is a maze of interweaving lines multiplying the difficulties of correct business practices, and it often requires hard thinking to decide whether a business action is right or wrong.

The best and only way to apply the principle of the Golden Rule in business as it exists today is to examine each method of business conduct and prescribe a rule of action by which it shall be governed. These rules written down in black and white should plainly state what a man shall do and what he shall not do under given circumstances. It is all very well to have men strive to do the right thing in business; it is a fine thing for them to seek to apply the Golden Rule; but in our complex life, both of these well-meaning thoughts do not go very far toward applying the answers to questions of methods which arise.

A written code of standards of practice helps men to think clearly and correctly and to act honorably. The code serves as a gauge for the public. It likewise helps to raise the standing of the craft in the business world and does much to gain the confidence, goodwill and favorable consideration of the public.

The necessity for specific principles for the guidance of individuals having common interests has been recognized from the earliest historical periods. Probably the earliest code is the Hippocratic Oath which has been in existence for about 2500 years. The earliest evidence of code writing in the United States is the code of ethics adopted by the Philadelphia School of Pharmacy in 1848. Since that time many hundreds of codes have been adopted by associations of tradesmen, merchants and professional organizations.

The world-wide Rotary movement has contributed a great deal to the cause of code writing. Since 1921 it has cooperated with those who have been responsible for the adoption of over 130 codes of ethics.

CASH PREMIUMS FOR CAREFULNESS

DRIVERS of private passenger automobiles have been offered a real inducement for carefulness in the shape of a very substantial cash premium now allowed by the leading insurance companies, according to an announcement made by the National Bureau of Casualty and Surety Underwriters, as reported by the Industrial News Bureau.

The new scheme for rewarding and encouraging carefulness is called by the insurance companies, "The New Merit Rating Plan." Under it the driver of a private passenger car will obtain a 10 per cent reduction in his insurance rates for public liability and property damage providing he meets the following conditions:

First: He has owned and operated a private passenger automobile for not less than two years prior to the effective date of the policy.

Second: No private passenger automobile owned by him has been involved in an accident during the two years prior to the effective date of the policy.

Third: His operating license has not been suspended or revoked, he has not been convicted of driving while intoxicated, evading responsibility after an accident, not guilty of reckless driving during the two years preceding the effective date of the policy.

Fourth: He will keep the brakes and steering gear of his automobile in good working condition and will have them inspected at least semi-annually.

This new rating plan and its conditions will apply to all private passenger cars including those owned and operated by physicians, salesmen, solicitors, collectors, adjusters and investigators.

This new idea has been under consideration for a long period by the National Bureau of Casualty and Surety Underwriters which has begun immediately to file its merit plan in all states. It will become effective in those states as quickly as the rules and regulations of the various State Departments of Insurance will permit.

PREPARE FOR MOVING IRON ORE

THE Northern Pacific has just announced that it will spend \$200,000, beginning immediately, in enlarging the yard facilities of the company at Superior, Wis. This improvement is designed to expedite the handling of ore from the Cuyuna range to the docks.

A feature of the new yards will be a \$30,000 automatic scale, which will register the weight of each car of a moving train when it enters the yards.

HE WAITED TOO LONG

THERE is such a thing as waiting too long to ask for a refund, E. J. Johnson, auditor of passenger receipts in the Northern Pacific general offices, has received for refund a ticket sold 37 years ago. It was submitted by C. Simonson, of Stockholm, Maine, and showed that it was purchased October 8, 1892.

In his letter he stated that after he bought the ticket he and a number of other men took employment in a logging camp near Aitkin. The ticket, therefore, was unused and he had just discovered it among his papers. Refund was declined naturally because the ticket was sold prior to reorganization of the Northern Pacific.

METZLER FINALLY LANDS WITH SOX

Player Who Set Record for Touring U. S. Anchored.

When Alex Metzler joined the Chicago White Sox last spring he decided that this time he would stick to the major leagues.

Metzler had done enough traveling. He was tired of being shunted around the minor league loops.

His home is in Fresno, Calif., and Topeka offered him a contract in 1924. Metzler did not wait for transportation; he hopped a freight train and beat his way from Fresno to Kansas City.

He reported as an infielder but Topeka immediately shifted him to the outfield. He did not stay long. Topeka farmed him out to Coffeyville.

Coffeyville gave up the ghost and Metzler found himself a free agent with exactly eight dollars in his pockets.

He signed with Paris, Texas. Paris later sold him to Wichita Falls.

Metzler started the 1925 season with Wichita Falls, but they farmed him out to Ardmore and Ardmore had him for a few weeks when Wichita Falls recalled Metzler and slipped him to the Chicago Nationals. He played nine games with the Cubs and was sent back to Wichita Falls.

Wichita Falls did not need him so Metzler was loaned to Shreveport for one game. Wichita Falls recalled him, kept him ten days and then loaned him to Dallas for five weeks. At the end of five weeks Wichita Falls recalled him again.

Metzler went so well for Wichita Falls in 1926 that the Athletics bought him. He looked like a fine prospect, but when Philadelphia signed Ty Cobb and Zack Wheat the Athletics had so many outfielders that Cornelius McGillicuddy had to cut down and so he sent Metzler back to the Wichita Falls club.

He did not stay long in Wichita Falls. Chicago Americans, needing an outfielder to replace the injured Johnny Mostil, wired for Metzler and he has been with Chicago White Sox ever since.

Big Ed Morris in Queer Predicament in Sleeper

One of the southern papers tells a story about Big Ed Morris, the Boston Red Sox pitching star, when he reported to the Chattanooga club as a green rookie who didn't even know about trains. When the time approached for the first road trip Morris confided in one of his teammates that he was horrified at the thoughts of spending nights on any railroad train.

"I can't sleep in those seats," he said. "You have to draw up in a knot and your arm gets so twisted you can't pitch for days."

His friend explained to him about sleeping cars. He told him they had all the comforts of a hotel room and that he would sleep as he did at home. He seemed relieved.

When the train pulled into the station most of the players tossed their bags into the pullman and charged into the dining car. Morris, however, was more interested in the sleeping car.

He looked all around the car and asked the porter if he was in the ball club's sleeping car. When he was assured that the ball players were going to sleep in the car he rushed out to the diner and surged at his supposed friend.

"You lied to me, eh?" he shouted. "I wouldn't get on this train if you hadn't lied to me. You did lie. Don't tell me you didn't lie. I been all through that sleeping car and there ain't a d-n bed in it."

PROVED IT

"I am expecting no packages due today," said the book store manager. "This is your number," said the expressman, looking on the box. "Your name's Johnson?" "Yes." "Then it's for you." "It must be a case of mistaken identity." "I'm not concerned with what is in it, but it's yours."

Today, however, it is a maze of interweaving lines multiplying the difficulties of correct business practices, and it often requires hard thinking to decide whether a business action is right or wrong.

The best and only way to apply the principle of the Golden Rule in business as it exists today is to examine each method of business conduct and prescribe a rule of action by which it shall be governed. These rules written down in black and white should plainly state what a man shall do and what he shall not do under given circumstances. It is all very well to have men strive to do the right thing in business; it is a fine thing for them to seek to apply the Golden Rule; but in our complex life, both of these well-meaning thoughts do not go very far toward applying the answers to questions of methods which arise.

A written code of standards of practice helps men to think clearly and correctly and to act honorably. The code serves as a gauge for the public. It likewise helps to raise the standing of the craft in the business world and does much to gain the confidence, goodwill and favorable consideration of the public.

The necessity for specific principles for the guidance of individuals having common interests has been recognized from the earliest historical periods. Probably the earliest code is the Hippocratic Oath which has been in existence for about 2500 years. The earliest evidence of code writing in the United States is the code of ethics adopted by the Philadelphia School of Pharmacy in 1848. Since that time many hundreds of codes have been adopted by associations of tradesmen, merchants and professional organizations.

The world-wide Rotary movement has contributed a great deal to the cause of code writing. Since 1921 it has cooperated with those who have been responsible for the adoption of over 130 codes of ethics.

CASH PREMIUMS FOR CAREFULNESS

DRIVERS of private passenger automobiles have been offered a real inducement for carefulness in the shape of a very substantial cash premium now allowed by the leading insurance companies, according to an announcement made by the National Bureau of Casualty and Surety Underwriters, as reported by the Industrial News Bureau.

The new scheme for rewarding and encouraging carefulness is called by the insurance companies, "The New Merit Rating Plan." Under it the driver of a private passenger car will obtain a 10 per cent reduction in his insurance rates for public liability and property damage providing he meets the following conditions:

First: He has owned and operated a private passenger automobile for not less than two years prior to the effective date of the policy.

Second: No private passenger automobile owned by him has been involved in an accident during the two years prior to the effective date of the policy.

Third: His operating license has not been suspended or revoked, he has not been convicted of driving while intoxicated, evading responsibility after an accident, not guilty of reckless driving during the two years preceding the effective date of the policy.

Fourth: He will keep the brakes and steering gear of his automobile in good working condition and will have them inspected at least semi-annually.

This new rating plan and its conditions will apply to all private passenger cars including those owned and operated by physicians, salesmen, solicitors, collectors, adjusters and investigators.

This new idea has been under consideration for a long period by the National Bureau of Casualty and Surety Underwriters which has begun immediately to file its merit plan in all states. It will become effective in those states as quickly as the rules and regulations of the various State Departments of Insurance will permit.

PREPARE FOR MOVING IRON ORE

THE Northern Pacific has just announced that it will spend \$200,000, beginning immediately, in enlarging the yard facilities of the company at Superior, Wis. This improvement is designed to expedite the handling of ore from the Cuyuna range to the docks.

A feature of the new yards will be a \$30,000 automatic scale, which will register the weight of each car of a moving train when it enters the yards.

HE WAITED TOO LONG

THERE is such a thing as waiting too long to ask for a refund. E. J. Johnson, auditor of passenger receipts in the Northern Pacific general offices, has received for refund a ticket sold 37 years ago. It was submitted by C. Simonson, of Stockholm, Maine, and showed that it was purchased October 8, 1892.

In his letter he stated that after he bought the ticket he and a number of other men took employment in a logging camp near Aitkin. The ticket, therefore, was unused and he had just discovered it among his papers. Refund was declined naturally because the ticket was sold prior to reorganization of the Northern Pacific.

METZLER FINALLY LANDS WITH SOX

Player Who Set Record for Touring U. S. Anchored.

When Alex Metzler joined the Chicago White Sox last spring he decided that this time he would stick to the major leagues.

Metzler had done enough traveling. He was tired of being shunted around the minor league loops.

His home is in Fresno, Calif., and Topeka offered him a contract in 1921. Metzler did not wait for transportation; he hopped a freight train and beat his way from Fresno to Kansas City.

He reported as an infielder but Topeka immediately shifted him to the outfield. He did not stay long. Topeka farmed him out to Coffeyville.

Coffeyville gave up the ghost and Metzler found himself a free agent with exactly eight dollars in his pockets.

He signed with Paris, Texas. Paris later sold him to Wichita Falls.

Metzler started the 1925 season with Wichita Falls, but they farmed him out to Ardmore and Ardmore had him for a few weeks when Wichita Falls recalled Metzler and shipped him to the Chicago Nationals. He played nine games with the Cubs and was sent back to Wichita Falls.

Wichita Falls did not need him so Metzler was loaned to Shreveport for one game. Wichita Falls recalled him, kept him ten days and then loaned him to Dallas for five weeks. At the end of five weeks Wichita Falls recalled him again.

Metzler went so well for Wichita Falls in 1926 that the Athletics bought him. He looked like a fine prospect, but when Philadelphia signed Ty Cobb and Zack Wheat the Athletics had so many outfielders that Cornelius McGillicuddy had to cut down and so he sent Metzler back to the Wichita Falls club.

He did not stay long in Wichita Falls. Chicago Americans, needing an outfielder to replace the injured Johnny Mostil, wired for Metzler and he has been with Chicago White Sox ever since.

Papoose Is Mascot

Archie "Papoose" Etiam, four-year-old orphan at Haskell institute, who has the distinction of being the only "All American" mascot. He enrolled at the Indian school last fall and was immediately appointed mascot of the football team. After the football season he became the basket ball mascot, and now he will turn his activities to track and baseball.

Big Ed Morris in Queer Predicament in Sleeper

One of the southern papers tells a story about Big Ed Morris, the Boston Red Sox pitching star, when he reported to the Chattanooga club as a green rookie who didn't even know about trains. When the time approached for the first road trip Morris confided in one of his teammates that he was horrified at the thoughts of spending nights on any railroad train.

"I can't sleep in those seats," he said. "You have to draw up in a knot and your arm gets so twisted you can't pitch for days."

His friend explained to him about sleeping cars. He told him they had all the comforts of a hotel room and that he would sleep as he did at home. He seemed relieved.

When the train pulled into the station most of the players tossed their bags into the pullman and charged into the dining car. Morris, however, was more interested in the sleeping car.

He looked all around the car and asked the porter if he was in the ball club's sleeping car. When he was assured that the ball players were going to sleep in the car he rushed out to the diner and surged at his supposed friend.

"You lied to me, eh?" he shouted. "I wouldn't get on this train if you hadn't lied to me. You did lie. Don't tell me you didn't lie. I been all through that sleeping car and there ain't a d—n bed in it."

PROVED IT

"I am expecting no packages due today," said the book store manager. "This is your number," said the expressman, looking on the box. "Your name's Johnson?"

"Yes."

"Then it's for you."

"It must be a case of mistaken identity."

"I'm not concerned with what is in it, but it's yours."

Successful Party

Negro Yard Man—Yas'm, we had a gran' time at de party. Dey was so many folks dat we couldn't hardly move around. And noise! Folks couldn't hardly hear themselves think."

Mistress—Sounds rather tumultuous.

Man—Oh, no, ma'am—not too 'multuous, jes 'multuous enough."

AWFULLY MANNISH

A big expense.

It's All Wrong

Asylum doctor about to make his morning round looks at tower clock and discovers he is late; meeting an attendant, he asks: "George, is that clock right?"

George—No; if it was it wouldn't be here.

Became Undesirable Risk

"Hear about Jackson?"
"No, what about him?"
"He was married last week, and the life insurance agent attended the wedding, and when he lamped the bride, canceled the \$20,000 policy Jackson had on his life."

Tip for Wives

"I always encourage my husband to recline in an easy chair and put his feet on top of the radiator."

"Why so?"
"When he goes to bed, there is usually a dollar or so in small change left in the chair."

We also own a cat;
We have no more canary,
But puss is now quite fat.

Late Lectures

Two office workers arrived at their desks rather late one morning.
Said one—I slept in a bit. The lecture was somewhat prolonged last night.

The other—The same here. Indeed, it was nearly 3 a. m. before my wife stopped.

'S a Hard Life

"How's everything with you these days?" asked the old friend.

"I'm having as hard a time as a character in a comic strip, with no artist in sight to eventually straighten things out for me," sighed the other one.

Would Come Expensive

Hotel Guest—Look here, miss. I only had a small portion of sole, and here I'm charged for the whole fish!
Waitress—Sorry, sir, but it's the custom of the establishment!
"Well, then, it's a good thing I didn't order beefsteak."

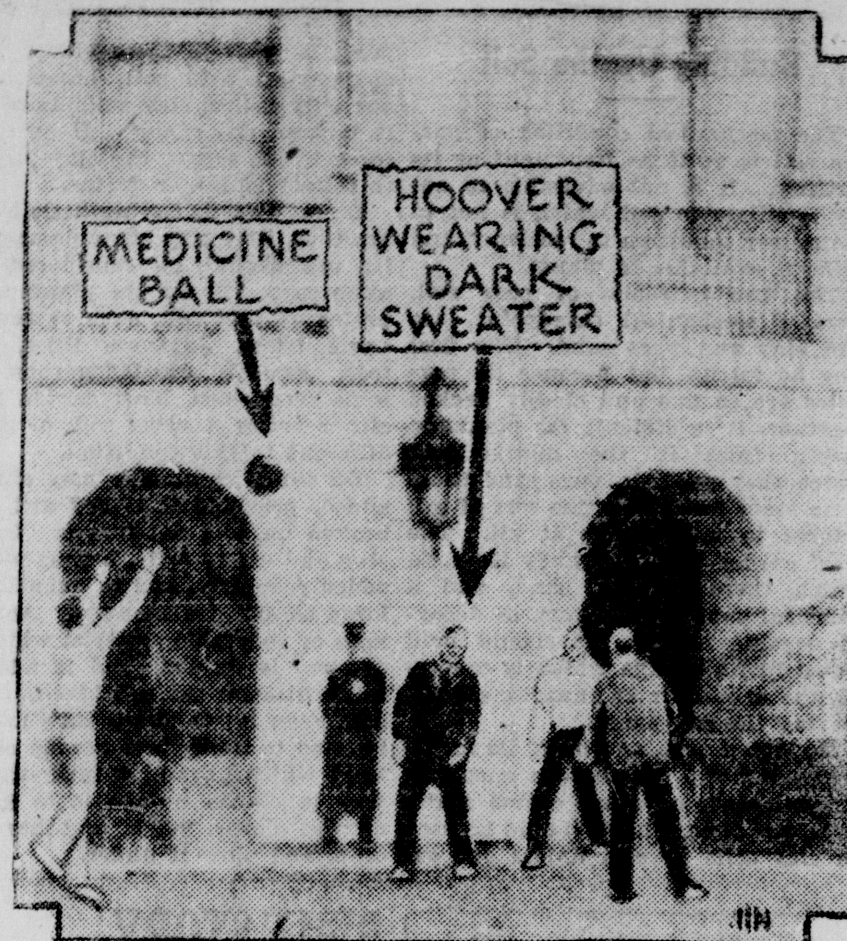

Ho! Hum!

Conceited Traveler (recounting his experiences at tedious length)—For days I carried my life in my hands.
Bored Listener—Really! Who wrote it?

A Facer

A woman in Tottenham Police Court—My husband butted his face into mine.
Husband (indignantly)—I was only trying to kiss her!

Medicine Ball Cabinet Meeting

Streets Thronged as Cortège Passes

General view of the funeral procession passing through the streets of Paris. All of the highways through which this was to pass were lined with thousands of people who paid homage to the memory of the late Myron T. Herrick, American Ambassador to France, who was as well loved there as in his native country.

Keep youth longer!

cleanse the system of poisons

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.

CONGRESS OPENS SPECIAL SESSION TODAY

(Continued from Page 1)

when the president's message of legislative advice will be read to a joint session of both houses.

The house of this new 71st congress has never met before, so 60 new representatives will be administered the oath along with the holdovers.

In order to prevent consideration of general business outside of the president's program, only four of the 18 committees of the house will be organized, the ways and means committee for tariff, agriculture for farm relief, rules so the leaders can function with authority, and accounts so members will get their mileage and salaries.

Resolutions similar to those in the senate will then be adopted and adjournment taken until tomorrow.

House leaders appear to have the situation well in hand for the president. The new line-up shows 267 republicans, 163 democrats, one farmer-laborite, and four vacancies, the strongest republican majority since the Harding landslide congress of 1921.

With their strong majority and the strict house rules, the leaders believe they can confine the business to farm relief and tariff, and perhaps a 1920 census authorization coupled with reapportionment of the house to be based upon the results of that census.

The tariff bill will be ready for consideration in about 10 days. It is being prepared secretly by the ways and means committee.

The senate, however, is another story. Senator Robinson of Arkansas, the democratic floor leader, wants action on several other bills including one dealing with the relations of the federal reserve board and Wall Street speculation.

Here there are no binding rules. All committees are already organized and any senator can bring up any bill by majority vote.

The senate line-up shows 56 republicans, 39 democrats and one farmer-laborite, the strongest majority since 1921.

Scores of proposals for general legislation are to be offered. Senator Glass, of Virginia, is drawing a Wall Street bill; Tydings, of Maryland, is planning an amendment to modify the Jones prohibition act; King, of Utah, has several bills and resolutions relating to Wall Street, and a republican senator is drawing a resolution designed to prevent diplomats from serving liquors.

A railroad consolidation bill is to be offered by Senator Fess, of Ohio, and an effort may be made to stop Mr. Hoover from carrying out his plan preventing further lease of government oil lands.

If present plans carry through, Mr. Hoover will be preparing for the opening game of the Washington Nationals in Griffith Stadium at the precise moment his message to congress is being read on capital hill.

Although this situation was not premeditated, it seems to characterize the Hoover conception of relations between congress and the presidency.

SONS ARE WOUNDED
IN FEUD

North Platte, Neb., April 15. — (UP)—An intra-family war, the outgrowth of a pending divorce case, resulted in the death of Charles Moore and his son, Frank, of Dunning, Neb., and in the wounding of O. A. Ridenour of Sutherland and his three sons.

The two Moores were killed in a shooting that started when they went to the Ridenour home to obtain Moore's three children who were in custody of his wife. Ridenour, Moore's father-in-law, objected.

An argument between the two sides of the family developed and the shooting followed.

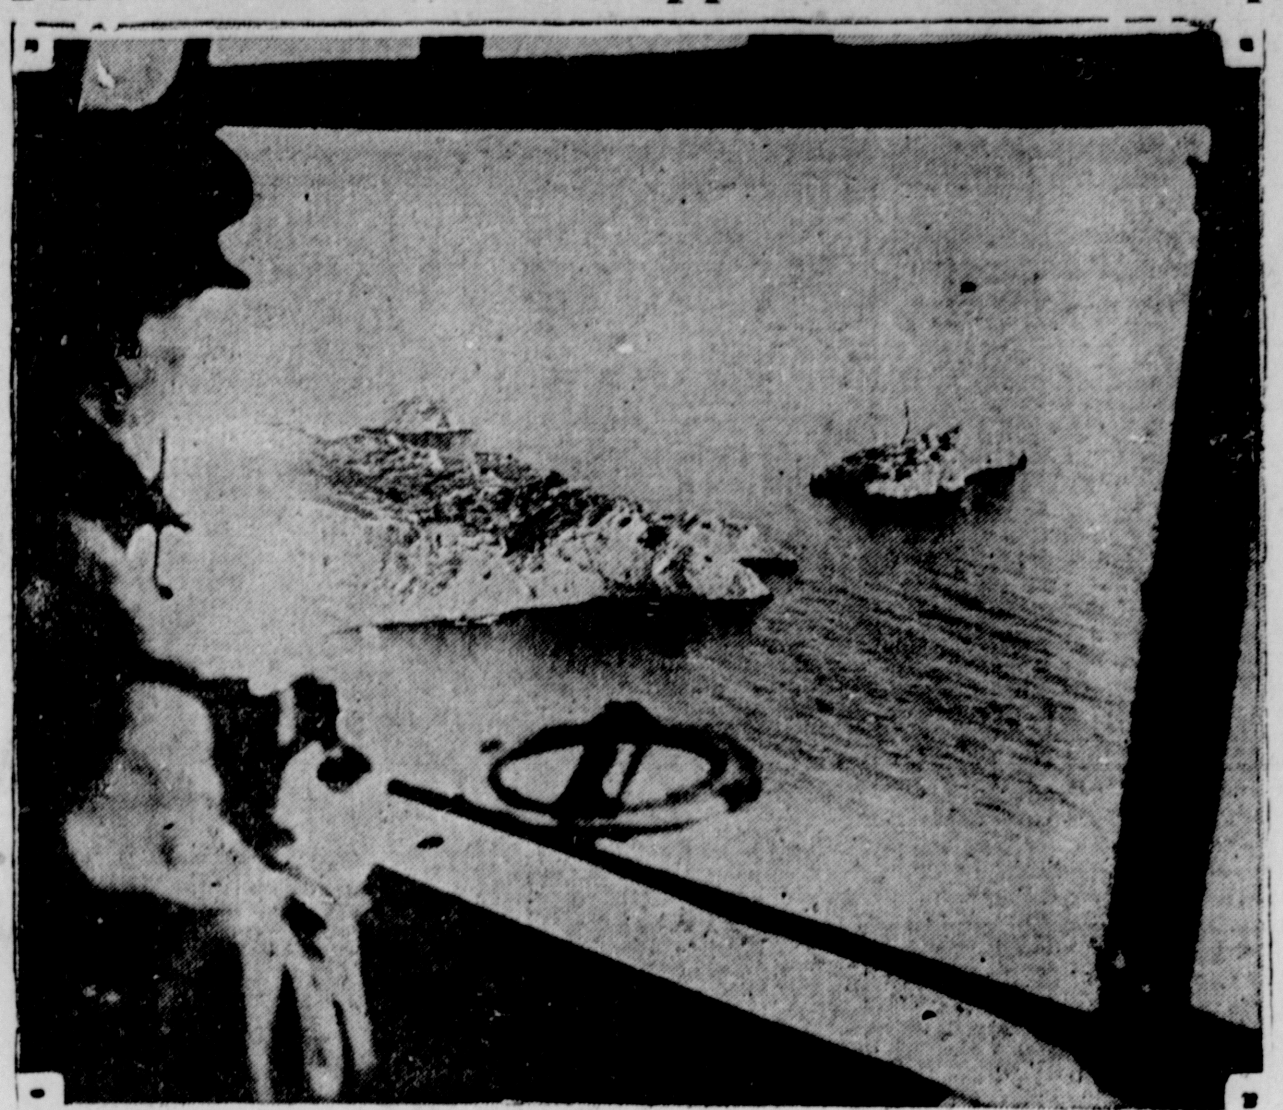

BABY 3 DAYS OLD WEIGHS 22 POUNDS

Huntington, W. Va., April 15.—(UP)—Although Willard Dempsey Howard is only three days old, he weighs 22 pounds and thereby lays claim to the world's heavyweight baby championship.

Willard Dempsey weighed 20 pounds at birth and his father named him after the two former heavyweight boxing champions.

Willard Dempsey is the 16th child. His mother is 38 years old. She telephoned news of the baby's birth to the newspapers today.

REVOLUTION IN MEXICO THOUGHT NEARING AN END

MANY REBEL COMMANDERS OFFER TO SURRENDER TO GOVERNMENT

GEN. RABATTE AND 5,000 TROOPS OFFER TO LAY DOWN ARMS IF LIVES ARE SPARED

Mexico City, April 15.—(UP)—Although no further word had been heard from the rebel commanders who offered Saturday to surrender to the Mexican government, a feeling that the revolution was nearing its end continued to pervade the capital today.

The Mexican consulate at Nogales, Ariz., advised the government last night it was unable to establish communications with Gen. Rabatte, who made the surrender offer, and therefore could not resume negotiations.

Gen. Rabatte commanded more than 5,000 troops in Sonora and offered to lay down the arms of the entire contingent provided his life and theirs were spared. Gen. Francisco Manzo, who escaped into the United States last week, joined in the surrender offer.

President Emilio Portes Gil reiterated yesterday his reply to the surrender offer—that any surrender must be unconditional.

Rebels north of El Pulpito Canyon were bombed by federal planes both Saturday and yesterday, advices from Gen. Lucas Gonzales, federal commander at Naco, said.

Gen. Lozano Cardenas, federal commander on the west coast with headquarters at Guamuchil, Sinaloa, reported he was concentrating his infantry and artillery there.

Nogales, Ariz., April 15. — Joe Chensorgen, American resident of this city, was being held a prisoner in Nogales, Sonora, today by rebels who accused him of being a federal spy. It was reported here. He was arrested last night, it was said.

Nogales, Ariz., April 15. — Members of the twentieth United States

FINAL TRIBUTES PAID TO HERRICK

BODY OF FORMER AMBASSADOR TO FRANCE IS LAID TO REST

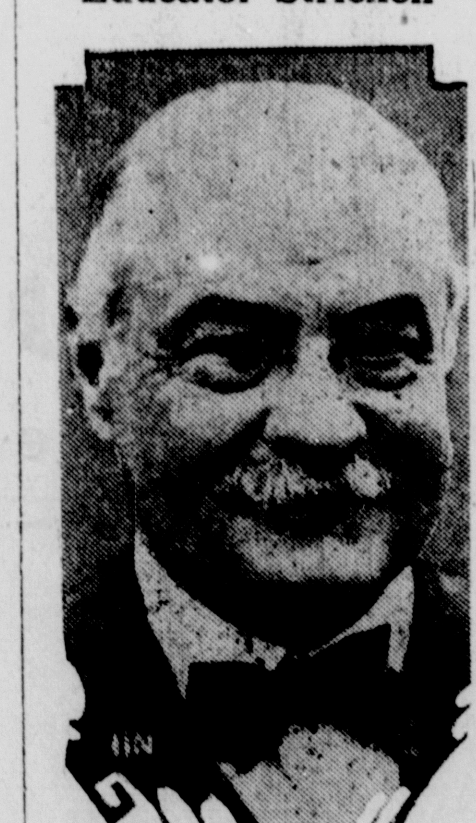

By CLAUDE M. BURKE
(United Press Staff Correspondent)

Cleveland, Ohio, April 15.—Final tributes, marked by the simplicity Myron T. Herrick loved, were paid today as the body of the late United States ambassador to France was laid to rest in Lakeview cemetery.

Cleveland bowed its head in mourning for its native son as the last simple rites were held in Trinity Episcopal cathedral. Thousands stood outside the church in a drizzling rain to glimpse the procession as it moved to the cemetery.

As the tolling of the cathedral bells marked the opening of the services, dignitaries of the city, state, nation and foreign countries honored the late envoy. Schools, offices and factories in several Ohio cities paused a few moments in reverence.

After a moment's reflection, he ventured, "The cemetery."

"Good gracious," remarked his spouse, "who's dead?"

"The whole bally lot of 'em," replied her husband, cheerfully.

"Yassah," she replied between sobs. "I want to see the remains."

"I see de remains," she answered proudly.—The Pathfinder.

Principles Vs. Patronage

Speaking of morally bad plays, we fear there are too many playgoers who are like the "high-minded lady" recently pictured in Punch:

It pays to know

When you spend your money for the seven and seventy things that are always popping out of nowhere to demand a portion of your income, you want to be certain they are returning the utmost in value for your every dollar.

But how can you know the worth of the products you buy? Can you test them scientifically?

Can you make microscopic examinations for flaws and imperfections? Chemical analyses for purity and composition? Physical machine-tests for stress and strain, strength and durability? Have you laboratories equipped for this work? Can you afford the scientists and research workers to perform it?

There is a less expensive way to safeguard your purchases. A better way to buy.

Buy products that have been tested by others! Products that have passed the most ruthless and rigid of all tests . . . that of actual use! Nationally known, nationally liked, nationally used products! Advertised products!

Here, in the advertisements, are products of sound worth brought to your attention. Products manufactured to standards of certain quality, that have been tried and tested by the most exacting persons . . . people who have bought them, and used them over and over again. Products worth your money.

The senate line-up shows 56 republicans, 39 democrats and one farmer-laborite, the strongest majority since 1921.

Scores of proposals for general legislation are to be offered. Senator Glass, of Virginia, is drawing a Wall Street bill; Tydings, of Maryland, is planning an amendment to modify the Jones prohibition act; King, of Utah, has several bills and resolutions relating to Wall Street, and a republican senator is drawing a resolution designed to prevent diplomats from serving liquors.

A railroad consolidation bill is to be offered by Senator Fess, of Ohio, and an effort may be made to stop Mr. Hoover from carrying out his plan preventing further lease of government oil lands.

If present plans carry through, Mr. Hoover will be preparing for the opening game of the Washington Nationals in Griffith Stadium at the precise moment his message to congress is being read on capital hill.

Although this situation was not premeditated, it seems to characterize the Hoover conception of relations between congress and the presidency.

O. A. RIDENOUR AND HIS THREE
SONS ARE WOUNDED
IN FEUD

North Platte, Neb., April 15. — (UP)—An intra-family war, the outgrowth of a pending divorce case, resulted in the death of Charles Moore and his son, Frank, of Dunning, Neb., and in the wounding of O. A. Ridenour of Sutherland and his three sons.

The two Moores were killed in a shooting that started when they went to the Ridenour home to obtain Moore's three children who were in custody of his wife. Ridenour, Moore's father-in-law, objected.

An argument between the two sides of the family developed and the shooting followed.

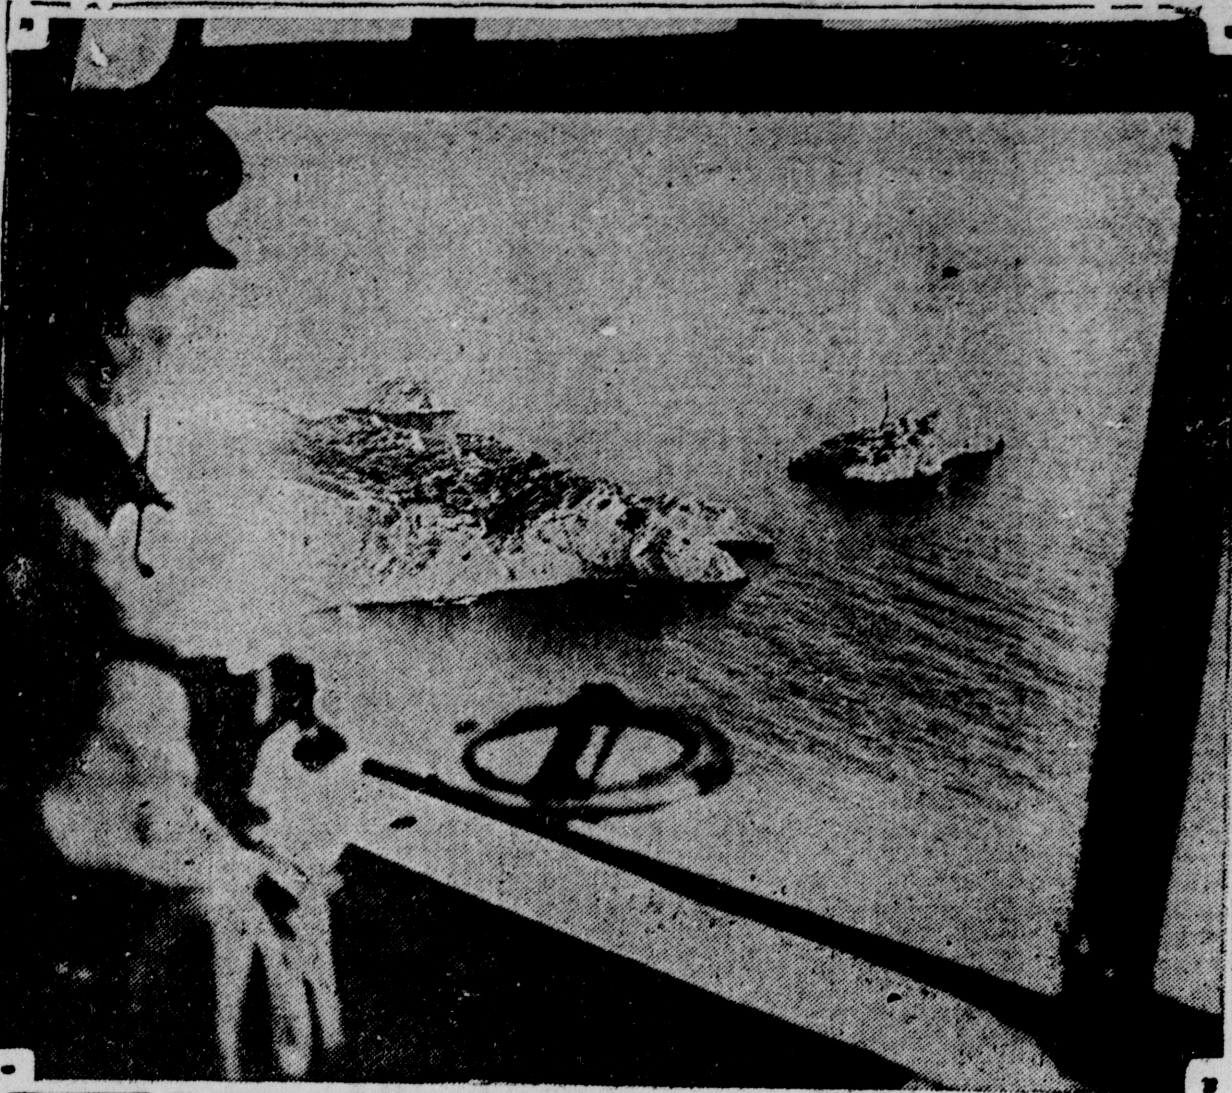

**BABY 3 DAYS OLD
WEIGHS 22 POUNDS**

Huntington, W. Va., April 15.—(UP)—Although Willard Dempsey Howard is only three days old, he weighs 22 pounds and thereby lays claim to the world's heavyweight baby championship.

Willard Dempsey weighed 20 pounds at birth and his father named him after the two former heavyweight boxing champions.

Willard Dempsey is the 16th child. His mother is 38 years old. She telephoned news of the baby's birth to the newspapers today.

FINAL TRIBUTES
PAID TO HERRICK

BODY OF FORMER AMBASSADOR
TO FRANCE IS LAID
TO REST

By CLAIRE M. BURKE
(United Press Staff Correspondent)

Cleveland, Ohio, April 15.—Final tributes, marked by the simplicity Myron T. Herrick loved, were paid today as the body of the late United States ambassador to France was laid to rest in Lakeview cemetery.

Cleveland bowed its head in mourning for its native son as the last simple rites were held in Trinity Episcopal cathedral. Thousands stood outside the church in a drizzling rain to glimpse the procession as it moved to the cemetery.

As the tolling of the cathedral bells marked the opening of the services, dignitaries of the city, state, nation and foreign countries honored the late envoy. Schools, offices and factories in several Ohio cities paused a few moments in reverence.

Mother and Sister Shot

Henry Esprilla, aged 20, is being sought by the police in connection with the killing of his mother and wounding of his sister. Young Esprilla, Colombian engineering student, allegedly taken to task for his habits, is thought to have committed the act and fled.

Slain by Brother

Beautiful Teresa De la Esprilla, daughter of councillor at Colombian consulate, was slain by her brother Henry at the same time he killed his mother. The murderer has not been taken by the New York police although every effort is being made to prevent his escape.

GEN. RABATTE AND 5,000 TROOPS OFFER TO LAY DOWN ARMS IF LIVES ARE SPARED

Mexico City, April 15.—(UP)—Although no further word had been heard from the rebel commanders who offered Saturday to surrender to the Mexican government, a feeling that the revolution was nearing its end continued to pervade the capital today.

The Mexican consulate at Nogales, Ariz., advised the government last night it was unable to establish communications with Gen. Rabatte, who made the surrender offer, and therefore could not resume negotiations.

Gen. Rabatte commanded more than 5,000 troops in Sonora and offered to lay down the arms of the entire contingent provided his life and theirs were spared. Gen. Francisco Manzo, who escaped into the United States last week, joined in the surrender offer.

President Emilio Portes Gil reiterated yesterday his reply to the surrender offer—that any surrender must be unconditional.

Over Seventy Three Years of Success for Colds and Throat Troubles

It pays to know

When you spend your money for the seven and seventy things that are always popping out of nowhere to demand a portion of your income, you want to be certain they are returning the utmost in value for your every dollar.

But how can you know the worth of the products you buy? Can you test them scientifically?

Can you make microscopic examinations for flaws and imperfections? Chemical analyses for purity and composition? Physical machine-tests for stress and strain, strength and durability? Have you laboratories equipped for this work? Can you afford the scientists and research workers to perform it?

There is a less expensive way to safeguard your purchases. A better way to buy.

Buy products that have been tested by others! Products that have passed the most ruthless and rigid of all tests . . . that of actual use! Nationally known, nationally liked, nationally used products! Advertised products!

Here, in the advertisements, are products of sound worth brought to your attention. Products manufactured to standards of certain quality, that have been tried and tested by the most exacting persons . . . people who have bought them, and used them over and over again. Products worth your money.

FORMER VILLAGE CLERK ARRESTED

H. W. Bolder, Iron-ton, Charged With
Misappropriation
of Funds

HEARING ON WEDNESDAY

Complaint Based on Investigation by
County Attorney's
Office

Charged under statute with misappropriation of funds that he failed to turn over to his successor in office, in the sum of \$3,296.44, H. W. Bolder, former village clerk of Iron-ton, was late Saturday afternoon arrested and lodged in the county jail at Brainerd.

The complaint signed by County Attorney Arthur J. Sullivan was based on investigation by the county attorney's office after the public examiner's report showed an apparent discrepancy in the clerk's accounts.

Bolder was arraigned in municipal court of the village of Crosby and preliminary hearing was set at that time for Wednesday, April 17, at 2 P. M. Bonds were fixed for his appearance in the sum of \$5,000. Upon his failure to furnish bonds, he was remitted to the custody of Sheriff Claus A. Thegryn.

Bolder served as village clerk during the years 1925, 1926, 1927 and 1928, when he was defeated for reelection by the present clerk. On January 2, 1929 the Iron-ton village council adopted a resolution authorizing the public examiner to audit the records of the village and it was the result of this audit made January 15 that the alleged irregularities were disclosed.

Plead Guilty to Striking
John A. Nelson

Nelson Denies Accusation of Tollefson That He Shot at
His Dog

Clarence Tollefson and Charles Isles of Woodrow were fined \$25 and costs or 20 days in the county jail in municipal court this morning when they pleaded guilty to assaulting John A. Nelson by striking him with their fists.

The two are at present awaiting trial in district court on the charge of stealing wood.

The assault upon Nelson took place outside a dance hall.

Tollefson told the court that he hit Nelson because he believed him to be the person who shot at his dog. Isles joined in the fight after Nelson had knocked Tollefson down.

Tollefson said that if Nelson did not shoot at his dog one of his kin did. Nelson denies any part in the shooting.

CHAUTAUQUA HERE JUNE 27, FIVE DAYS

Programs in a Tent Under Auspices
of American Legion, Women's
Auxiliary

TWO PLAYS BOOKED

Musical Comedy Review, Hawaiians,
Russian Chorus, "Private"
Pete on Program

Matinee and evening performances of acts booked through the Associated Chautauquas of Kansas City, Kan., will be seen and heard here this year in a tent for five days starting June 27 under auspices of the Brainerd American Legion and Auxiliary. It was announced Saturday by John Cotton of Topeka, Kan., advance agent.

New York companies will present two plays, "Skidding" and "Detour" as hits of the Chautauqua although talent extraordinary will be booked for each performance.

Mr. Cotton said that Brainerd will receive its Chautauqua on the order with larger cities of the south, a Chautauqua that will represent some of the best talent in the United States.

The John Ross Reed musical comedy review, Vierra's Hawaiians, the company who originally introduced Hawaiian music in the U. S., and the Russian Cossack Chorus of 12 Russian noblemen, the former Czar's personal chorus who escaped from Russia during the revolution will be heard as part of the Chautauqua.

Speakers will include Lura Forbes, America's greatest comedienne, "Private" Pete, the "One man league of Nations," writer and pacifist who will speak on the hideousness of war, Judge John E. Aldes of Boston, and Smith Dameron who will be booked in "Potter and the Clay."

NOTICE

To lot owners of Evergreen cemetery who look after the raking of their own lots, should see that the leaves are raked while the sexton is cleaning up the cemetery at this time. See the sexton also about care of your lots. Hours 7:30 a. m. to 8 o'clock p. m. or phone 985-J.

CONTESTS VOTE IN TOWN OF FAIRFIELD

Appeal by Louis L. Moritz to Declare
Himself Supervisor Taken
to District Court

CLAIMS ILLEGAL COUNT

Judges Give W. F. Wiener Office by
Vote of 23 to 21 in Town-
ship Election

An appeal contesting the election of W. F. Wiener as supervisor of the Town of Fairfield for three years by Louis L. Moritz, contestant, will be threshed out at the May term of district court.

Election judges declared Wiener winner over Moritz in the recent township election by the vote of 23 to 21.

Moritz in asking that the result of the election of set aside by the court and that he be declared the duly elected supervisor asserts, according to papers filed at the office of the clerk of the district court:

That the judges of the election with the consent, approval, connivance and ratification of contestant in his presence, distributed to the voters at the election so called ballots upon which the judges had written the name of the contestee in one of the blank spaces and had failed to insert the contestant's name although the contestant had been duly nominated for such office and that the ballots described were 23 in number and were illegally counted for the contestee and if correctly counted would have given a result in favor of the contestant.

That two ballots cast at the election in addition to the 44 ballots counted were erroneously and illegally excluded by the judges thereof and should have been included and counted in favor of the contestant.

CHAPTER LXXIX.

At last she went into the house and knocked at Tina's door. She entered to find her bustling at work by the window, sketching the wistaria vine that festooned the back porch.

"Come in," said she cheerfully, as she squinted her eye to get the curve of a blossom just right.

Irene sat down on a rocker beside her. "Honey, there's something I want to talk to you about."

"Yes, mother?" Tina lifted her eye from the wistaria.

"This letter—please read it."

She reached her hand for the letter, then drew it quickly back as she recognized the handwriting.

"Mother, how could you?"

Her mother paled and flushed, but she said steadily: "I don't want to hurt you, darling—but unless you read this letter, I can't know how to answer it. And it must be answered."

Tina's face was white and stern, her body tensed, her eyes demanded and reproached, but she took the letter in her quivering hand and read it slowly.

She said nothing, but gazed at her sketch of wistaria, as if seeking an answer there.

"What shall I tell her?" Irene asked.

Tina spoke with forced calmness: "All I have left is my peace—that I died to win. And now she wants to come back to ruin that."

"Dear, it shall be as you say. You have the right to make the decision. But think—think before you make it."

"I've had a year and a half to think in, haven't I?" Was there a ring of Lilith's own irony in her voice?

"If you could forgive, my darling, you'd be happier!"

"I'm not nursing hate, Mother. But I don't want to suffer any more. . . . How could I bear to see them—here—day after day?"

Her voice broke sharply.

"I don't ask that. I wouldn't have you do that. But if you'd just meet them once—and then go away for a visit till this is over. That would make it easier all around. . . . And it would be such a happiness to your father to see Lilith again—to see her baby."

The young face was brooding, bitter.

"Some day you'll understand what it would mean to him—some day when you have a child of your own."

"I shall never have a child of my own!"

Pain flickered across the white face, as at an unbearable thought.

"Would you like to go to New York now, instead of in September?" Irene suggested.

Tina stood in silence by the window, looking out at the Spring—greening trees, flower beds, grass green again after the winter's brown, everywhere new life, new hope.

She turned as if to escape the sight. "Yes, I'll go to New York before they come!"

But that would mean Tina would be leaving soon, so soon!

New York, Rome—what might happen before she came home? Life was a tangle. . . .

Irene went downstairs in a sort of daze and knocked at Guinn's study door. He looked up from his sermon notes to see the letter in her hand.

"Letter from Lilith?" he asked eagerly.

She watched his face as he read it, saw its surprise, delight, apprehension, sadness, as he took in all its implications. His eyes questioned her.

"They must come home," she said.

"But what about—Tina?"

"I've talked to her. She consents for them to come, but she won't see them. She'll go to New York before they get here."

He drew a deep sigh, and his eyes were melancholy. Then they lighted with happiness. "To think of having Lilith home again. Think of my first grandchild—her little son!"

She thought of a baby that had waited and died, of a nameless grave. Then she saw again Tina's rigid young figure, heard her words, "I shall never have a child of my own!"

She bent over him and kissed his brow, that he might not see how grief ravaged her face. . . .

So a telegram was sent that day to Lilith and Dan. Let us know when you will arrive.

The answer came next day that they would start a week later.

Tina calculated the days. "That will be almost two weeks from now. I'll leave in ten days."

"I'll take you to New York and see you settled," offered Doctor Will.

"You must hustle back to be here when Lilith needs you," ordered Guinn.

"I'll take care of Lilith," he promised gravely, his eyes avoiding Irene's.

Those ten days were busy ones. Irene shopped and planned and worked with Tina, as they two had done a year and a half before, but now there was no bright anticipation in the hearts of either, only a sort of desperate courage. During the days before Lilith and Dan had gone, Irene had felt like one balancing on a tight rope, juggling balls in the air above a burning volcano; but now that the worst had happened she had relaxed.

At last there was only one more day left before Will was to take Tina to New York. The trunks and bags were packed, and everything in readiness for the train.

The guest room was in order for the guests that were to come later. Sheba had been in open revolt when she heard of the plans.

"You sendin' my honey lamb away so that snake in the grass can come back an' have a baby?"

"Hush, Sheba. We must all be good to Miss Lilith now. A woman going to have a baby needs rest and ease of mind, you know. And kind treatment."

Sheba had turned her scowling face aside as she brushed the

crumbs from the table. "This sho' am a funny world!"

It was, undoubtedly. Guinn was jubilant over the prospect of Lilith's coming, so that he gave little heed to Tina's impending departure. He loved Lilith best even yet. . . .

"This is Tina's last night at home," she reminded him. "You must be particularly affectionate to her—won't you, Guinn?"

"Yes, of course." Then he reread the telegram. "When do you think Lilith can get here, Irene?"

"In about four days now, I guess," she answered patiently.

Men were incomprehensible. . . . But when the family were at supper that evening, a smaller family now that the boys were away at college, and only Tina and Pat left at home, with Will Lundy to share that last supper with them, there was a sudden stir in the hall and two figures showed in the doorway: Lilith and Dan!

"We thought we'd surprise you," cried Lilith. She wore a long cape of soft blue and a little round hat. Her eyes were big and lustrous, and her cheeks flushed with excitement. She stood in the doorway shyly, not daring to enter till she was sure of a welcome.

Guinn sprang to his feet and snatched her in his arms. "Oh, Lilith!"

When he released her for a moment, Irene put her arms about her, and then kissed Dan. "Welcome home," she said.

After Pat and Doctor Will had greeted them, Tina came forward like a pale wraith, like a chill statue, to lift a white cheek for her sister's kiss, to offer an icy hand to Dan. "Welcome home," she said.

Sheba's face appeared in the kitchen door, shocked and scowling.

Lilith was talking with tremulous eagerness. "After we got your message, I couldn't stand to wait. I had to come on."

"Yes," said Dan. "I think she'd have started to walk the railroad ties if I hadn't got the tickets!"

"I wanted so to come home. Sheba, nobody's cooking is as good as yours."

Sheba, unpropitiated, glared like a voodoo priestess and stalked back to the kitchen. A scrap of song floated to them:

"That sly, 'eifful, lying gal, Yes, Lawd, she stole my man away!"

Irene and Will Lundy made eager conversation, juggling balls again on a tight rope over the volcano, while Guinn sat with his Lilith beside him, his eyes worshipping her.

"Po' little girl grievin', Wid her head hung down, Standin' at de depot weepin', 'Case her man done gone!"

came a wailing croon from the kitchen.

Irene showed Lilith to her room, while the others went into the study.

Youngest New York Banker Builds 64-Story Structure

New Home of Bank Will Be Second Largest In Country

Everyone thought when the plans were made for the Chicago garment mart, to be completed next year, called for a 75-story structure, that many a year would pass before there would be another to even approach that height.

Imagine the surprise, then, that greets the announcement by 34-year-old George L. Ohrstrom that he heads a syndicate which will build a new home for the Bank of Manhattan, to be 64 stories high, just 44 feet higher than the Woolworth Building, present Metropolitan title-holder.

This enterprising young man was a student of University of Michigan Law School when the United States entered the war, and today is president of G. L. Ohrstrom & Co., prominent firm of investment bankers.

After the completion of the building, which is expected to cost \$20,000,000, the Woolworth Building,

George L. Ohrstrom

long a curiosity for rubber-necks, will be left entirely out in the cold. What is more, it will tower above Wall Street about 840 feet, and will be 36 feet higher than the Chrysler Building, now under construction.

Impatient Griselda

by Dorothy Scarborough

CHAPTER LXXIX.

At last she went into the house and knocked at Tina's door. She entered to find her busily at work by the window, sketching the wistaria vine that festooned the back porch.

"Come in," said she cheerfully, as she squinted her eye to get the curve of a blossom just right.

Irene sat down on a rocker beside her. "Honey, there's something I want to talk to you about."

"Yes, mother?" Tina lifted her eye from the wistaria.

"This letter—please read it."

She reached her hand for the letter, then drew it quickly back as she recognized the handwriting.

"Mother, how could you?"

Her mother paled and flushed, but she said steadily: "I don't want to hurt you, darling—but unless you read this letter, I can't know how to answer it. And it must be answered."

Youngest New York Banker Builds 64-Story Structure

New Home of Bank Will Be Second Largest In Country

Everyone thought when the plans were made for the Chicago garment plant, to be completed next year, called for a 75-story structure, that many a year would pass before there would be another to even approach that height.

Imagine the surprise, then, that greets the announcement by 34-year-old George L. Ohrstrom that he heads a syndicate which will build a new home for the Bank of Manhattan, to be 64 stories high, just 44 feet higher than the Woolworth Building, present Metropolitan title-holder.

This enterprising young man was a student of University of Michigan Law School when the United States entered the war, and today is president of G. L. Ohrstrom & Co., prominent firm of investment bankers.

After the completion of the building, which is expected to cost \$20,000,000, the Woolworth Building,

George L. Ohrstrom

long a curiosity for rubber-necks, will be left entirely out in the cold. What is more, it will tower above Wall Street about 84 feet, and will be 36 feet higher than the Chrysler Building, now under construction. (International Newsreel)

Pennies and Nickels to Buy Wedding Gift for Lindbergh and Bride

Kearney, Neb., April 15.—(UP)—Pennies and nickels contributed by school children of Kearney will purchase a wedding present for Col. Charles Lindbergh and his bride, Miss Anne Morrow.

Boxes have been placed in the city schools as depositories for the contributions. The present will be bought May 15.

An Amazing Success

Feen-a-mint

The Cheering LAXATIVE

Chew It Like Cheering Gum

A pleasure to use. Very efficient. Children love it. No taste but that of sweet mint. The most popular laxative because it's a "satisfier."
